### Personal Skills

Creative

Reliable

Organised

### Interests

I am a experienced and affordable freelance graphic designer, I specialise in print and online adverts, websites, branding, print, digital media, html emails and large format.

I started my own company; Rockover Design in 2013. From 2014-2016, I worked as the in-house designer for an advertising agency where I worked for many clients on hundreds of projects, gaining experience in many areas of design and in the industry.

I seek out new designs to stay inspired, and learn updated skills for the design industry to continue my professional development. For example, courses in wordpress with academy class and researching new adobe updates.

### Experience

**Owner / Freelance Graphic Designer at Rockover Design, Shoreham-By-Sea, April 2013 - present.**

Rockover design is my freelance design company. I became completely freelance in November 2016. Although I had been doing freelance work since 2013.

**Designer at Marine Advertising Agency, Gosport, January 2014 - present.**

I was the in-house designer for Marine Advertising Agency for 3 years, I continue to work for them as a freelance designer. I design adverts and artwork for many clients. Designing for all advertising including web design, print, html emails, online adverts, magazine adverts, large format prints, animation and many more.

**Freelance Designer while studying at university, Southampton, March 2011 - April 2013.**

I did many freelance jobs while doing my degree in Graphic Design, I designed logos for small independent companies, advertising material, posters and other designs for fellow students and I designed the Southampton Solent university climbing clubs logo, hoodies and shirts.

### Previous Employment

**Ropes Director - Camp Wabasso - USA - Summer 2013**

**Bar tender - Crab Tree Inn - Shoreham-By-Sea - 2007-2013**
