Interests

I am an experienced Graphic Designer. Specialising in both print and digital, including: websites, branding, video, print and online adverts.

My design company Rockover Design, was founded in 2013, where I work as a freelance designer for many companies, including Marine Advertising Agency. I also work as an in-house designer at Boundless.

I design for many clients on hundreds of projects, gaining experience in many areas of design and in the industry. I seek out new designs to stay inspired, and learn updated skills for the design industry to continue my professional development.

Experience

**Founder of Rockover Design,
Shoreham-By-Sea, April 2013 - present.**

Rockover design is my freelance design company. I work for many clients for all their design needs including branding, websites, print, digital and video.

**Designer at Marine Advertising Agency,
Gosport, January 2014 - present.**

I was the in-house designer for Marine Advertising Agency for 3 years, I continue to work for them as a freelance designer. I design adverts and artwork for many clients. Designing for all advertising including web design, print, html emails, online adverts, magazine adverts, large format prints, animation and many more.

**Digital Designer at Boundless,
Brighton, March 2019 - present.**

I am a in-house designer at Boundless, specialising in digital design. Including website design, video and online advertising. I also design printed artwork.

**Freelance Designer,
Southampton, March 2011 - April 2013.**

I did many freelance jobs while studying Graphic Design, I designed logos for small companies, advertising material, posters and designs for clothing.
